🎓 **Technical University of Berlin: Masters in Physics, Bachelor's in Maths**

Hailing from Berlin, I possess a deep-rooted enthusiasm for mathematics and physics, nurtured by years of fascination and exploration. I've mentored many IB and IGCSE students, leading them towards academic achievements. Beyond the realm of teaching, I delve into Berlin's rich history and frequently seek comfort in the melodies of classical music.

Teaches: Maths Physics

Curriculum: GCSE IGCSE IB

Qualifications

Technical University of Berlin: Masters in Physics (2009), Bachelor's in Maths (2007)

IGCSE & IB: Maths HL, Physics HL GPA: 4.5

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past 15 years, I've been fortunate to mentor over 120 students in both IGCSE and IB curricula. I've seen most of them surpass their predicted scores, with many going on to prestigious universities worldwide. My in-depth knowledge of the curriculum and hands-on approach has enabled my students to grasp complex concepts with clarity.

Tutoring Approach

Teaching is more than just imparting knowledge; it's about shaping minds. My traditional approach emphasizes a strong foundation. For each topic, we dive deep into understanding the 'why' before the 'how'. Regular assessments ensure we stay on track, while real-world applications ignite interest. It's not just about passing exams; it's about fostering a lifelong appreciation for the subjects. Personalized feedback is crucial, allowing my students to understand their strengths and areas of improvement. Together, we cultivate an environment of mutual respect and learning.
