Tutoring Experience

I'm a seasoned teacher and tutor proficient in A-Level, undergraduate, and GCSE education. With a Law degree from the University of Cambridge, I specialize in assisting law students with the A-Level curriculum, particularly in Intellectual Property, Immigration, Constitutional, and Criminal law. Additionally, I hold a PGCE in Modern Languages (French and Spanish) and have achieved outstanding results teaching A-Level and GCSE Spanish. Moreover, I offer support and guidance to students in A-Level Business or Economics.

Furthermore, I have a strong track record of leadership roles in various academies, including Vice Principal at Future Academies in London and Hertfordshire, Assistant Principal at All Saints Academy in Dunstable, and Deputy Head Teacher at Chapeltown Academy in Sheffield. In these roles, I have led school improvement initiatives, established curriculum consistency, overseen personal development agendas, and managed extracurricular programs. I have also been involved in recruitment, community partnerships, educational trips, and staff performance management.

Previously, I served as the Interim Head Teacher at Chapeltown Academy, where I delivered excellent A-Level results and managed the transition to a permanent site. Additionally, I played a pivotal role in founding Chapeltown Academy, overseeing the successful bid, managing relationships with the Department for Education, and leading marketing efforts. My commitment to education is further demonstrated by my tenure as a Teacher of Modern Languages at Yewlands Academy, where I effectively managed the Modern Foreign Languages Department.

Tutoring Approach

In my tutoring, I focus on making learning fun and personal for each student. I use my knowledge from studying Law at Cambridge and teaching languages to give comprehensive support in Spanish, Business, and Economics.

With my experience in leading schools, I know how to create exciting lessons that help students grow. I've been a Vice Principal and Deputy Head Teacher, where I improved schools and helped students learn better. I use these skills to make my tutoring sessions engaging and helpful.

I use activities, plans made just for each student, and feedback to make sure every student feels confident and succeeds.
