 **Cambridge University - Psychological and Behavioural Sciences**

Hello, I'm Sherry. I recently graduated from the University of Cambridge with a degree in Psychological and Behavioural Sciences. I am currently pursuing my Master's degree and hold a profound passion for Psychology, which I am eager to share with others. I am looking forward to imparting the study tips and revision techniques that I acquired during my academic journey.

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I've tutored privately in Primary School.

I have also marked A level Psychology practice papers and provide detailed feedback for how to move up a grade as a side job briefly. My expertise is in the AQA A-Level Psychology specification which I undertook myself and have also been privately tutoring for a year.

I have developed thorough experience marking students' past paper answers and providing detailed feedback on how they should answer the different questions to achieve the best mark possible.

Also, I aided students from underrepresented backgrounds in their oxbridge UCAS applications and helped with interview preparation, personal statement feedback and personalized support in one-on-one session.

Tutoring Approach

My tutoring approach usually incorporates ensuring that the student understands the relevant content first, before tackling any past paper questions.

I like to use the specification and markscheme to ensure that the student is familiar with the requirement of the exam board and essentially prepared for the exam. I believe it is very important for students to understand the content material as well as have excellent exam preparation skills to excel in A-Level Psychology – both of which are the focus of my tutoring.

I am really friendly and can adapt my tutoring approach to best suit the needs of each and every student.
