Tutoring Experience

I have been a private tutor for a number of years, tutoring psychology at GCSE, A-Level, IB, and university level, and am an IBDP examiner.

I have been a professor since 2018 at the Universidad Ibero in Puebla, México, where I teach two Psychology subjects. My students learn and develop the skills to apply their knowledge in an academic and professional context.

Tutoring Approach

I use a dynamic approach to the contents of the Psychology program, that includes a variety of techniques to learn and understand the biological, cognitive, and sociocultural levels, as well as the options. The activities allow the student to develop the skills to respond appropriately the SAQ and essay questions of the examination.
