Hire a tutor

🎓 **Imperial College London - MBBS**

Currently, I am advancing my studies in Medicine at Imperial College London, where I have cultivated over two years of tutoring experience. My approach, praised for its meticulous attention to detail and effectiveness, has been universally acknowledged by students as significantly beneficial, enhancing both their comprehension and academic success.

Teaches: Biology Chemistry

Curriculum: IB

Qualifications

Imperial College London: School of Medicine: MBBS

International Baccalaureate: Qualified Online Tutor
(Biology, Chemistry and Mathematics HL/SL)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I've been an online tutor for 2 years and have experience with over 30 IB students. My students often benefit the most by gaining a full understanding of the syllabus topics and exactly how to master writing answers tailored to the exam board expectations. This allows them to achieve high marks during their exams. 73% of students I've tutored have gotten a 6 or 7 on their exams or internal assessments.

Tutoring Approach

Biology and Chemistry Tuition Approach

My approach to teaching Biology and Chemistry is completely tailored to the individual and their needs. I focus on working together with the student to identify their areas for improvement and we work from there.

To succeed in IB Biology, a really good understanding of the syllabus and its details are required. For this, I have slides and notes that cover everything you need to know and I explain the content in a way that aids answering exam questions. Then we can work on developing the application skills required to answer difficult questions. Throughout the whole process, we are focusing on what is expected in the exam mark schemes to help students feel more confident in scoring as many points as possible.

With Chemistry, I find it best to do more practice questions than in Biology, however this is completely dependent on the student and their progress.

Testimonials

"Minnah has proven to be an excellent tutor for HL IB chemistry and biology. My son finds her highly approachable, reliable, and thorough. She has enabled him to add detail and depth when answering exam style questions. I highly recommend Minnah as a tutor"

Parent of an IB HL Chemistry and HL Biology Student ★★★★★

"Thank you so much Ms. Minnah for all of your help!!! Your classes have been extremely helpful to me. You have the best slides for going over the content and the exercises you send me are the best. Because of your help I was able to get a 7 on my biology exam!!! I can't thank you enough."

IB HL Biology and SL Chemistry Student ★★★★★

"Minnah has tutored me in IB Chemistry & Biology and she has been such an amazing help. I am very confident that because of her help I will do great! Minnah was more than willing to answer all of my questions and she did so with ease. I am so thankful that I found her! :)"
