Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have been tutoring IGCSE and IB Economics for over 7 years, accumulating more than 500 hours of teaching experience. My work has primarily involved enhancing students' understanding of complex economic theories, improving their coursework, and increasing their confidence to handle exams efficiently. I take pride in my ability to communicate effectively with students, nurturing their interest in Economics and supporting them to achieve their academic goals.

Feedback from students and parents have consistently been positive, commending my dedication, patience, and effective teaching methodologies. In addition, I have organized several summer workshops in Spain, aimed at providing intensive learning experiences for students preparing for their IB exams.

Tutoring Approach

My tutoring approach involves identifying students' individual learning needs and tailoring my teaching methods to meet those needs. For complex economic theories, I use real-world examples to simplify concepts, making them more relatable and understandable. In preparing for exams, I emphasize understanding exam formats, practicing past paper questions, and developing effective study and time management strategies.

For coursework, I provide constructive feedback on their drafts, suggesting ideas for improvement and helping to polish their academic writing skills. My ultimate goal is to make learning Economics engaging and enjoyable, while instilling a deeper understanding of the subject.
