

 **University of Barcelona: Bachelor's degree in Biology**

Hi, I'm Marta, a passionate and dedicated IB and IGCSE Biology tutor from Spain. With a deep love for the natural world, I completed my Bachelor's degree in Biology at the University of Barcelona. I have always been fascinated by how living organisms function and interact, which led me to specialize in teaching biology to students preparing for IB and IGCSE exams. I believe in making science accessible and engaging, fostering a curiosity-driven learning environment. Let's explore the wonders of biology together!

Teaches: Biology

Curriculum: GCSE IGCSE IB

### Qualifications

**University of Barcelona:** Bachelor's degree in Biology (2012-2016)

**IB:** 44 points. HL Biology, Chemistry; SL Spanish, English, Mathematics, Visual Arts. A – Biology EE. B – Theory of Knowledge

**IGCSE:** Biology (A\*), Chemistry (A\*), Spanish (A\*), English (A\*), Mathematics (A), Visual Arts (A\*), Physical Education (A)

### Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

### Tutoring Experience

I have been tutoring IB and IGCSE Biology for over 7 years, accumulating a wealth of experience and knowledge. During this time, I have worked with students from diverse backgrounds and skill levels, helping them excel in their biology studies. I have a proven track record of helping students improve their understanding of complex biological concepts, develop critical thinking skills, and achieve excellent grades in their exams.

My approach is tailored to each student's needs, ensuring personalized attention and effective learning strategies. Together, we will conquer the intricacies of biology with confidence and success.

### Tutoring Approach

My tutoring approach revolves around active learning and interactive sessions. I believe in creating a supportive and engaging environment where students feel comfortable asking questions, exploring ideas, and making connections. I utilize a variety of teaching techniques, including visual aids, real-life examples, and hands-on activities, to make complex concepts more accessible and relatable.

I encourage students to think critically, analyze data, and apply their knowledge to real-world scenarios. Through regular assessments, feedback, and targeted practice, I help students build a strong foundation in biology and develop effective study skills. Together, we will embark on an exciting journey of discovery and mastery.
