 **University of California, Los Angeles: MSc in Applied Physics**

I'm Brandon, a passionate Physics aficionado with roots in LA's vibrant science scene. My days in industry sharpened my analytical mind, but my heart's always been with teaching. I believe in igniting curiosity and pushing students to see Physics not as a subject, but as the very fabric of our universe. I'm here to make learning fun and accessible.

## Qualifications

**University of California, Los Angeles:** MSc in Applied Physics

**IB:** IBDP Qualified Instructor (Physics Higher/Standard Level), Qualified Online Tutor (Internal Assessment and Extended Essay)

**State of California:** Certified Teaching Credential

## Vetted Tutor

### Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I've dedicated over 8 years to teaching and tutoring Physics at both the IGCSE and IB levels. From the hallways of LA's top schools to virtual sessions with international students, my mission remains the same: make Physics relatable. My stint in the industry lends a unique perspective, allowing me to bridge theory with real-world applications. I've guided countless students through their IAs, extended essays, and exam preparations. Having been part of the IB examining committee, I understand the nuances of what examiners seek. Every lesson with me is a deep dive into the wonders of Physics, tailored to individual learning needs.

## Tutoring Approach

Each student is a universe waiting to be explored. My approach revolves around interactive simulations, real-world applications, and hands-on experiments, even in a virtual space. We'll journey together, breaking down complex theories into enjoyable bite-sized pieces, ensuring not just exam success but a genuine love for the subject. Be ready for dynamic, student-centric sessions.
